

SHORE AQUATIC CENTER

SUMMER SWIM LESSONS

Summer is coming right up and we know how much your kids are itching to get back in the water! Take a look at our summer class schedule under "Class Catalog" on our website, and check out other helpful resources there as well! Ask us about group, private, homeschool, teen & adult lessons, or adaptive swim lessons, depending on your individual needs! We are always happy to help get you started or keep it going while you learn to swim! The pool is here for everyone.

PARENT & CHILD MULTI-MONTH REGISTRATION

For all parents of children ages 6 months to 3 years old, we have good news for you! Our Parent & Child swim lesson classes will be open for multi-month sign-ups. This means you don't have to wait until the end of each month to sign up for the next month--instead you can sign up for the whole summer at once! We want to make sure your child is able to have consistent in-water learning, and we want to work with your schedule. Getting your toddler used to the water is not an easy feat! Sign up for summer classes on May 28th!
